Dr. Boylan,

I apologize for the delayed response.

The PRN is welcome to post videos in any format you choose. I recommend MP4 as that format is compatible with nearly every device. Additionally, we do not restrict you to using certain video hosting providers. You are welcome to host videos in Google Drive, YouTube, etc.

Vimeo is a video streaming provider that ACCP uses. It is very much like YouTube, but since we pay a fee, we can avoid advertising. You don't record your meeting in Vimeo, you upload your recorded video to Vimeo, just like YouTube.

I've taken the liberty of downloading your video and uploading it to ACCP's Vimeo account. Below is a link you may distribute. You are also welcome to distribute your Google Drive link. Should that Google Drive account get closed, the video will still have a home in ACCP's Vimeo account.

I don't see other videos on the PRN's website, so I can't comment on previous business meetings.

Please let me know if you have any questions or concerns.

Regards,

Brent Paloutzian
